Letter of Recommendation for Mr. John Liselli

May 2, 2024

It is my pleasure to provide a letter of reference on behalf of Mr. John Liselli. I have known Mr. Liselli since his matriculation to VMI in August 2020, and I have served as his department head and instructor for multiple courses since. Mr. Liselli is a solid student who will graduate from VMI this month with a Bachelor of Science degree in Electrical and Computer Engineering. His ability to balance excellent academic achievement with extracurricular activities is most impressive and is indicative of his capacity to manage his time and meet deadlines. He is mature, responsible, and a genuine pleasure to work with. He works very well with others – a skillset that has been augmented by the teamwork requirements associated with his extracurricular activities. He takes initiative to get things done – as evidenced by his efforts within our capstone senior design project. Mr. Liselli will be a strong asset to programs that seek to leverage his professionalism and training; and, in turn, I believe he will continue to benefit and grow from the experiences that those programs provide to him. If I can be of any assistance, please do not hesitate to contact me.

Sincerely,

J. Shawn Addington, Ph.D., P.E.  
Professor and Head  
ECE Department  
Virginia Military Institute
